Mr. Richard Lester
Environmental Engineer
General Electric Co.
Redmond Circle
Rome, GA 30161

SUBJECT: Follow-Up Inspection of General Electric Co. Plant - Rome

Dear Mr. Lester:

On December 17, 1982, a follow-up inspection of the subject plant was conducted by Mr. George Morris of the Industrial and Hazardous Waste Management Program to determine the compliance status of hazardous waste treatment, storage and disposal facilities pursuant to the requirements of Georgia's Rules for Hazardous Waste Management, Chapter 391-3-11. The hazardous waste facility inspected is as follows:

1. Container Storage Area

Violations of Georgia's Rules for Hazardous Waste Management, Chapter 391-3-11, noted during the October 7, 1982 inspection have been corrected including general facility violations.

The facility will be periodically reinspected to insure continued compliance. Should you have any questions in the interim, please call 404/656-2833.

Sincerely,

Moses N. McCall, III
